

UK Study Abroad

SCHOOLS & COLLEGES PARTNERSHIP

A partnership built for your students' global future.

We work directly with school principals and colleges across Saudi Arabia, combining short courses, university recruitment, degree placement, IELTS preparation and our own Global Career Development Programme into one trusted partnership.

Short Courses

University Recruitment

Degree Placement

IELTS Preparation

Global Career Programme

How this partnership benefits your students' future

Every year, talented students across Saudi Arabia are capable of far more than a single pathway can offer. UK Study Abroad gives your school one trusted partner covering the whole journey to studying in the UK, backed by a team that includes genuine UK university lecturers and professors.

Complete Support, One Partner

From short courses to university recruitment, degree placement and IELTS preparation, we cover the services your students need for their next step, so your school does not have to coordinate several providers.

Strengthens Your Profile

Offering a genuine pathway to UK study adds a real point of distinction for your school or college among parents.

Low Effort for Your Team

We design and deliver the services directly. Your staff simply help us reach the right students.

Real Student Outcomes

Students leave with practical progress toward their goals, from stronger IELTS scores to university offers and completed academic programmes.

How the partnership works

We know a principal's time is limited, so we have kept our side of this simple.

01

You introduce our services to your students and families.

02

We handle everything directly: teaching, exam preparation, application guidance and university placement support.

03

We stay in direct contact with your team throughout the partnership.

Everything your students need to study and succeed in the UK

From a first English exam to a confirmed university place, we support your students at every stage, all through one partnership.

Short Courses

Focused, practical courses that build specific academic skills and confidence, delivered online for easy access from anywhere.

University Recruitment

Clear, honest guidance choosing universities and preparing a strong, well prepared application, with no pressure toward any particular institution.

Degree Placement

Support finding and securing the right undergraduate or postgraduate degree place at a UK institution, matched to each student's goals and grades.

IELTS Preparation

Structured preparation across reading, writing, listening and speaking, building the exam skills and confidence for a strong target score.

★ OUR FLAGSHIP PROGRAMME

Global Career Development Programme

Learn Online. Think Globally. Experience the UK. A live online academic module taught directly by UK university lecturers and professors, with the option to continue the experience in person in the UK.

- ✔ Live sessions taught directly by UK academics
- ✔ Optional two week experience in the UK
- ✔ International collaboration with global peers
- ✔ Final project and certificate on completion

Real benefits for your students' global study future

- ✓ Short Courses, practical and focused, building specific academic skills
- ✓ IELTS Preparation, structured toward each student's target score
- ✓ University Recruitment, guidance choosing universities and applications
- ✓ Degree Placement, support securing the right degree place
- ✓ Global Career Development Programme, our flagship live academic module with an optional UK experience

*“One trusted partner.
Every stage of the journey.”*
